

### INTERNS AND FIELD EXPERIENCES

From time to time, a teacher may be requested by the North East School Division to accept student teacher placements. The North East School Division endorses this practice and expects that teachers will cooperate with the requirements from the College and/or Faculty of education regarding the expectations of student teachers.

### PROCEDURES

1. Arrangements for placement will be coordinated by the Superintendent of Human Resources in conjunction with the University requesting the placement.
2. The applicable Superintendent will discuss with the principal of the school, what an appropriate student teacher placement would be given the particular subject area expertise and location(s) of choice requested by the student teacher.
3. Request for placement by other colleges and post-secondary institutions are to be considered for acceptance and approval if satisfactory arrangements can be made.
